

# Fade Away **Dark Spots**

An intelligent composite of melanin suppressors and skin permeation enhancer to visibly lighten dark spots and minimize pigmentation concerns.

# Key powerful

**PhytoBright™ ingredients** that are inspired by ayurveda, perfected by modern science

The Dark spot corrector contains exclusive Sabinsa patented gentle phytonutrient botanical extracts called the PhytoBright™ Complex. Each of the ingredients have been evaluated for their skin lightening properties and modern beauty science using *in vitro* techniques and clinical trials.

## SabiWhite®\*

This colour free curcumin slows down melanogenesis (formation of melanin) by inhibiting the action of tyrosinase, an enzyme that participates in melanin formation.

Offers topical antioxidant protection. The free radical scavenging activity of SabiWhite®\* was found to be far superior to other popular ingredients used in cosmetic formulations.

## Licorice

Licorice contains glabridin, a unique molecule which is known for its skin lightening properties by inhibiting tyrosinase.

Licorice possesses potent and effective anti-inflammatory and antioxidant properties to give smooth glowing skin.

## pTeroWhite®\*

Pterostilbene rich Indian kino extract is known to have a powerful antioxidant activity that lightens skin tone.

pTeroWhite®\* prevents melanin formation and inhibits melanogenesis, thus effectively managing hyperpigmentation.

## Cosmoperine®\*

A “Dermal Penetration Enhancer” that helps better absorption of all the PhytoBright™ nutrients and actives.

Cosmoperine®\* is also safe since it shows no signs of dermal or ocular irritation.

## Additional Ingredients in Dark Spot Corrector

**CosmeVit DCx:** A power house of skin nutrients that provide a holistic approach to manage healthy and glowing skin with a multifaceted approach to skin lightening, skin moisturizing and skin protection.

**Niacinamide:** It is a water-soluble vitamin and is part of the vitamin B group known to inhibit melanosome transfer from melanocytes.

### Directions:

Apply directly on visible dark spots on cleansed skin and massage gently onto skin. Use morning and evening.

- ✓ Alcohol Free
- ✓ Paraben Free
- ✓ Sulphate Free
- ✓ Synthetic Dye Free
- ✓ Formaldehyde Free
- ✓ Formulated for all skin types
- ✓ Recommended by Dermatologists
- ✓ Tested for hypoallergenicity and skin irritation
